- Some people in the public sector think that businesspeople are only interested in themselves. Others think that businesspeople are valuable contributors to society. Which comes closest to your view?
- Do you feel that government generally does a good job of helping private enterprise to improve economic growth in the country? If not, what do you think it could do better?
- Are there any government departments or agencies that you would identify as being especially good or bad at working with the private sector? Which are they?
- Thinking about efforts to promote public-private dialogue to improve conditions for doing business, if a well-known person were to appeal publicly for businesspeople and government to work together for the good of the country, who do you think that should be? Who would be listened to?
